

What you will be asked to pay to bring your dream vehicle to Australia with us.

Coopers Classic Cars Starting Fee.

This is the price to initiate the import process and CCC to begin contact with your supplier/seller.

USA Trucking Freight.

You will be asked to pay to move the vehicle across the USA from Seller's location to the Shipping Company.

'This amount will be invoiced to you in AUD+gst from CCC, Based on USA exchange rates, calculated on the day of payment to the Trucking USA Freight Company by CCC. (10% AUSTRALIAN GST will be added to the AUD conversion due to taxation requirements).'

USA Shipping Costs/Packaging Costs

You will be asked to pay a percentage/all of the total container freight cost and packaging/loading fee's. Where possible, we will always consolidate with other vehicles and parts to reduce this cost.

*'This amount will be invoiced to you in AUD+gst from CCC, Based on USD exchange rates, calculated on **on the day** of payment from CCC to the Shipping Company, (10% AUSTRALIAN GST will be added to the AUD conversion due to taxation requirements).'*

Australia's Government Taxes, the GST & Australian Customs/Quarantine agents handling fee's.

You will be asked to pay 10% GST on the purchase price of the vehicle. This is the price the government wants from you to be able to bring your dream vehicle into the country. (It is USD converted to AUD purchase price then + 10% gst) In Australia, customs and quarantine agents also charge handling fees to move the containers from the docks to a handling area away from the shipping ports. This is the location where CCC unload the vehicles and clear them through customs and quarantine.

*'This amount will be invoiced to you in AUD from CCC with a partial GST exempt invoice. This cost is calculated on USD to AUD conversion rates not on the day of CCC performing the invoicing to you, or even the day you purchased the car. It is calculated **on the day** the government approves the import of your vehicle (we cannot control this), because of this you may pay slightly more or even less GST based on the conversion rate on that given day.' The customs & quarantine fees are applied with normal GST (See next page example)*

Coopers Classic Cars Final Administration Fee.

As much as we would like to, we can't do all of this work for nothing. There is a lot of time and effort involved in co-ordinating this process including many late night phone calls overseas, time unloading containers, awaiting customs approval's, obtaining import approval's... the list goes on, much attention to every detail is spent.

All for you to get the best service possible with delivering your beautiful dream car to you, safe and sound.

'This amount will be invoiced to you in AUD from CCC'

Typical Example you may expect to pay (All in Australian Dollars)

Costs	Typical Example you may expect to pay (All in Australian Dollars)
Starting Fee	\$POA
Trucking Freight in USA (USA converted cost, plus 10% gst)	\$700-\$1400 (depending on distance & state car is in relation to shipping yard)
Shipping cost % of container (USA converted cost, plus 10% AUS gst)	\$2500-\$4500
Packing cost % of container (USA converted cost, plus 10% AUS gst)	\$500-\$2000
Government Tax's (the GST) (Invoiced in AUD)	<p>Calculate approximately 10% GST on top of your AUD vehicle purchase price, this will change. As it is based on the exchange rate the day the government process your import papers. (So the GST <u>will not</u> be calculated on what you actually paid in AUD)</p> <p>EG: IF you paid \$15,000 AUD <i>you can guess</i> a 10% GST of \$1500 AUD (Based on an exchange rate of 0.92c on the day you pay for the car which was actually \$16,163 USD)</p> <p>But what may happen, the rate increases or decreases when they process the paperwork so:</p> <p>\$16,163 USD was paid to seller a 10% GST will be added based on exchange rates of 0.98c being \$15,839 the GST is not \$1,500 but \$1,583 even though you only paid \$15,000 for the vehicle.</p>
Customs/Quarantine Port fees (Invoiced in AUD)	\$700 - \$1600
Final Admin Fee (Invoiced in AUD)	\$POA

*All of the above may change at a moment's notice without updating this paper it is intended to be used as a guide only and is in no way guaranteed, that it is accurate.
